The guest speaker for our November 14th Lunch and Learn is from Whiteman Air Force Base.

Today, Whiteman is the home of the 509th Bomb Wing, which operates and maintains the Air Force's premier weapon system, the B-2 bomber. The B-2 brings massive firepower to bear, in a short time, anywhere on the globe through previously impenetrable defenses.

The mission of the United States Air Force is to fly, fight and win...in air, space and cyberspace. The men and women of the wing are capable of flying anywhere around the world from home station and delivering a wide range of precision-guided munitions.

Join us on November 14th as we learn about the United States Air Force and recognize our veterans from all military branches.
